Barings International Umbrella Fund

Introduction

Barings International Umbrella Fund (the “Unit Trust”) is a unit trust managed by Baring International Fund Managers (Ireland) Limited (the “Manager”). The Unit Trust was established pursuant to the Unit Trusts Act, 1990, and a Trust Deed dated 11 February 1992 (as supplemented or amended from time to time) (the “Trust Deed”) made between the Manager and Northern Trust Fiduciary Services (Ireland) Limited (the “Depositary”) and authorised by the Central Bank of Ireland (the “CBI”), pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended) (the “UCITS Regulations”). The Unit Trust is also listed on the Euronext Dublin Global Exchange Market.

As the Unit Trust is registered for sale in Hong Kong, the Unit Trust has also been authorised by the Hong Kong Securities and Futures Commission (“SFC”) pursuant to the provisions of the Hong Kong Code on Unit Trusts and Mutual Funds, supplemented or consolidated from time to time. Further details of the Funds are contained in the supplement to the Prospectus. The assets of the Funds are invested in accordance with the investment objective and policy.

The Unit Trust is organised in the form of an umbrella fund. The Trust Deed provides that the Unit Trust may offer separate series of units, each representing an interest in a Unit Trust Fund (a “Fund”) comprised of a distinct portfolio of investments. A separate Fund is maintained for each series of units and is invested in accordance with the investment objective applicable to such Fund to date. Each Fund may create more than one class of units in relation to a Fund (a “class”) and these separate classes of units may be denominated in different currencies. A unit represents a beneficial interest in a Fund (a “unit”).

The Unit Trust has six active Funds as at 30 April 2021 which have been approved by the CBI:

Fund	Fund launch date
Barings ASEAN Frontiers Fund	01/08/2008
Barings Asia Growth Fund	03/02/1987
Barings Australia Fund	04/12/1981
Barings Europa Fund	24/01/1987
Barings Hong Kong China Fund	03/12/1982
Barings Global Bond Fund	07/07/1978

Each of the Funds had several classes of units on offer at the financial year-end, which are outlined in note 11 to these financial statements. Further details of the Funds are contained in the individual supplements to the full Prospectus.

The financial statements include all the trades received up until 12:00p.m. (Irish time) on 30 April 2021, the valuation point for the Unit Trust.

Barings International Umbrella Fund

Investment Objective and Policy

Barings ASEAN Frontiers Fund

The investment objective of the Barings ASEAN Frontiers Fund (the "Fund") is to achieve long-term capital growth in the value of assets by investing in companies in Asia which the Manager believes will benefit from the economic growth and development of the region.

The Fund will seek to achieve its investment objective by investing at least 70% of its total assets at any one time in equities and equity-related securities of companies incorporated in, or exercising the predominant part of their economic activity in, countries which are members of the Association of South-East Asian Nations ("ASEAN"), or quoted or traded on the stock exchanges in those countries. The members of ASEAN include Singapore, Thailand, the Philippines, Malaysia, Indonesia and Vietnam.

The Fund will invest at least 50% of the Fund's total assets in equities of companies that exhibit positive or improving environmental, social and governance ("ESG") characteristics.

Barings Asia Growth Fund

The investment objective of Barings Asia Growth Fund (the "Fund") is to achieve long-term capital growth in the value of assets by investing in Asia and the Pacific region excluding Japan. The Fund will seek to achieve its investment objective by investing at least 70% of its total assets in equities and equity-related securities of companies incorporated in, or exercising the predominant part of their economic activity in, the Asia Pacific region excluding Japan, or quoted or traded on the stock exchanges in those countries, including developed and emerging markets.

The Fund will invest at least 50% of the Fund's total assets in equities of companies that exhibit positive or improving environmental, social and governance ("ESG") characteristics.

Barings Australia Fund

The investment objective of the Barings Australia Fund (the "Fund") is to achieve long-term capital growth in the value of assets by investing in Australia. The Fund will seek to achieve its investment objective by investing at least 70% of its total assets at any one time in equities and equity-related securities of companies incorporated in, or exercising the predominant part of their economic activity, in Australia, or quoted or traded on the stock exchanges in Australia.

The Fund will invest at least 50% of the Fund's total assets in equities of companies that exhibit positive or improving environmental, social and governance ("ESG") characteristics.

Barings Europa Fund

The investment objective of the Barings Europa Fund (the "Fund") is to achieve long-term capital growth in the value of assets by investing in companies in Europe (including the United Kingdom). The Fund will seek to achieve its investment objective by investing at least 70% of its total assets at any one time in equities and equity-related securities of companies incorporated in, or exercising the predominant part of their economic activity in, any European country (including the United Kingdom), or quoted or traded on the stock exchanges in such countries.

The Fund will invest at least 50% of the Fund's total assets in equities of companies that exhibit positive or improving environmental, social and governance ("ESG") characteristics.

Barings Hong Kong China Fund

The investment objective of Barings Hong Kong China Fund (the "Fund") is to achieve long-term capital growth in the value of assets by investing in Hong Kong, China and Taiwan.

The Fund will seek to achieve its investment objective by investing at least 70% of its total assets at any one time either directly in equities or through equity-related securities (including depositary receipts) of companies (i) incorporated, or (ii) exercising the predominant part of their economic activity, or (iii) quoted or traded on the stock exchanges in markets in Hong Kong or China.

The Fund will invest at least 50% of the Fund's total assets in equities of companies that exhibit positive or improving environmental, social and governance ("ESG") characteristics.

Barings International Umbrella Fund

Investment Objective and Policy (continued)

Barings Global Bond Fund

The investment objective of the Barings Global Bond Fund (the “Fund”) is to achieve an attractive level of income together with long-term growth in the value of assets by investing in a diversified portfolio of fixed-interest securities.

The Fund will seek to achieve its investment objective by investing at least 70% of its total assets at any one time in an internationally diversified portfolio of both corporate and government fixed-interest securities. The portfolio may also, from time to time, include securities with floating interest rates.

Please refer to the Prospectus for the full investment objective and policy for all the Funds.

How the Funds are managed

The Manager of Barings ASEAN Frontiers Fund, Barings Asia Growth Fund, Barings Australia Fund and Barings Hong Kong China Fund has appointed Baring Asset Management Limited as the Investment Manager of the Funds. In turn, Baring Asset Management Limited has appointed Baring Asset Management (Asia) Limited as Sub-Investment Manager to the Funds.

At Barings, our equity investment teams share the philosophy of quality Growth at a Reasonable Price (“GARP”). We believe that earnings growth is the principal driver of equity market performance over the medium to long term, and favour high quality companies for their ability to outperform the market on a risk-adjusted basis. In particular, we believe that structured fundamental research and a disciplined investment process combining quality growth and upside disciplines can allow us to identify attractively priced, long-term growth companies which will outperform the market. Our approach emphasises quality criteria when looking at companies and a three- to five-year time horizon when forecasting company earnings. In determining upside, we use consistent and transparent methods to place emphasis on discounted earnings models.

The Manager of Barings Europa Fund has appointed Baring Asset Management Limited as the Investment Manager of the Fund.

The Fund is invested in European equity markets (including the United Kingdom), using a “bottom-up” investment approach. This means that we focus more on the individual merits of a specific company, rather than taking a stance on a sector of the market or macroeconomic trends such as interest rate rises. Within this, Barings manages the Fund using a GARP approach. This means that when researching candidates for the portfolio, we place just as much emphasis on the likely growth in corporate earnings at a company as we do on the unit price valuation before deciding whether to invest or not. We believe this approach combines the best features of both “growth” and “value” investment styles, to the benefit of investors. We invest in companies which we believe offer potential for delivering better than expected earnings growth. We do this by carefully researching a company’s corporate strategy and revenue sources. An important part of the investment process involves regular meetings with the management of companies in which we are considering investment. We then work to put a price on the units of the company in the light of our assessment of its earnings prospects and compare this to its peers in the sector and globally. When we are satisfied that a company meets our criteria for investing, we purchase an appropriate number of units.

The Manager of Barings Global Bond Fund has appointed Baring Asset Management Limited as the Investment Manager of the Fund. Barings LLC and Barings Japan Limited were appointed as Sub-Investment Managers of the Fund.

Baring Asset Management Limited seeks investment returns by investing in bond markets where we believe yields are likely to fall and avoiding those we think are expensive. The overall duration, or interest rate sensitivity, of the Fund will fluctuate as our expectations for economic developments change, relative to the market. We will also look to add value through foreign exchange management, identifying those markets where currencies are attractive, for example due to sound economic fundamentals or rising interest rates.

Please refer to the Prospectus for the full risk profile of each of the Funds. Investors should read the Prospectus and carefully consider the potential risk factors as well as reward factors before investing.

Barings International Umbrella Fund

Report of the Manager

For the financial year ended 30 April 2021

Statement of Manager's responsibilities

Baring International Fund Managers (Ireland) Limited (the "Manager") is required by the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended) (the "UCITS Regulations") to prepare financial statements for each financial year. The Manager has elected to prepare these financial statements in accordance with Financial Reporting Standard 102 ("FRS 102"), the FRS applicable in the UK and Republic of Ireland to give a true and fair view of the state of affairs of the Baring International Umbrella Fund (the "Trust") at the financial year-end, and of the results and movements in net assets for the financial year then ended. In preparing these financial statements, the Manager must:

- select and consistently apply suitable accounting policies;
- make judgements and estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Trust will continue in operation.

The financial statements must comply with the disclosure requirements of the UCITS Regulations. The Manager is responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the financial position of the Trust and enable it to ensure that the financial statements comply with the UCITS Regulations. The Manager is also responsible for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Under the Central Bank of Ireland (the "CBI") UCITS Regulations, the assets of the Unit Trust shall be entrusted to Northern Trust Fiduciary Services (Ireland) Limited (the "Depositary") for safekeeping, and therefore custody of the Fund's assets rests with Northern Trust Fiduciary Services (Ireland) Limited.

The financial statements are published at www.barings.com. The Directors together with the Manager and Investment Manager are responsible for the maintenance and integrity of the website as far as it relates to Barings funds. Legislation in the Republic of Ireland governing the presentation and dissemination of the financial statements may differ from legislation in other jurisdictions.

Transactions with connected persons

Any transaction carried out with the Trust by a management company or Depositary to the Trust, the delegates or sub-delegates of the management company or Depositary, and any associated or group of such a management company, Depositary, delegate or sub-delegate ("connected persons") must be carried out as if negotiated at arm's length. Transactions must be in the best interests of the unitholders.

The Directors of the Manager are satisfied that there are arrangements (evidenced by written procedures) in place to ensure that the obligations set out in Regulation 43(1) of the Central Bank UCITS Regulations are applied to all transactions with connected persons, and are satisfied that transactions with connected persons entered into during the year complied with the obligations set out in Regulation 43(1) of the Central Bank UCITS Regulations.

Remuneration code

The UCITS V provisions require Management Companies to establish and apply remuneration policies and practices that promote sound and effective risk management, and do not encourage risk taking which is inconsistent with the risk profile of the UCITS.

The Manager has a Remuneration Policy in place, details of which are available on the Barings website at www.barings.com/investment-policies.

The purpose of the Manager's remuneration policy is to seek to ensure that the remuneration arrangements of "Identified Staff":

- (i) are consistent with and promote sound and effective risk management and do not encourage risk-taking which is inconsistent with the risk profile, rules or instruments of incorporation of the Manager or any fund which the Manager is the manager of; and
- (ii) are consistent with the Manager's business strategy, objectives, values and interests and include measures to avoid conflicts of interest.

Please see Appendix 5 for the remuneration disclosure.

The Manager has a business model, policies and procedures which by their nature do not promote excessive risk taking and which take account of the nature, scale and complexity of the Manager and any of the Funds.

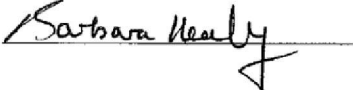

Barings International Umbrella Fund

Report of the Manager (continued)

For the financial year ended 30 April 2021

Managers statement

The financial statements were approved by the Directors of the Manager, Baring International Fund Managers (Ireland) Limited, on 20 August 2021 and signed on its behalf by:

Directors: 

Directors:

Barings International Umbrella Fund

Annual Depositary Report to Unitholders

For the financial year ended 30 April 2021

We, Northern Trust Fiduciary Services (Ireland) Limited, appointed Depositary to Barings International Umbrella Fund (the "Unit Trust"), provide this report solely in favour of the unitholders of the Unit Trust for the year ended 30 April 2021, (the "Annual Accounting Period"). This report is provided in accordance with the UCITS Regulations European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (SI No 352 of 2011), which implemented Directive 2009/65/EU into Irish Law (the "Regulations"). We do not, in the provision of this report, accept nor assume responsibility for any other purpose or person to whom this report is shown.

In accordance with our Depositary obligation as provided for under the Regulations, we have enquired into the conduct of the management company of the Unit Trust for this Annual Accounting Period and we hereby report thereon to the unitholders of the Unit Trust as follows:

We are of the opinion that the Unit Trust has been managed during the Annual Accounting Period, in all material respects:

- (i) in accordance with the limitations imposed on the investment and borrowing powers of the Unit Trust by the constitutional documents and by the Regulations; and
- (ii) otherwise in accordance with the provisions of the constitutional document and the Regulations.

Independent auditors' report to the unitholders of the Funds of Barings International Umbrella Fund

Report on the audit of the financial statements

Opinion

In our opinion, Barings International Umbrella Fund's financial statements:

- give a true and fair view of the Funds' assets, liabilities and financial position as at 30 April 2021 and of their results for the year then ended;
- have been properly prepared in accordance with Generally Accepted Accounting Practice in Ireland (accounting standards issued by the Financial Reporting Council of the UK, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and Irish law); and
- have been properly prepared in accordance with the requirements of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended).

We have audited the financial statements, included within the Annual Report & Audited Financial Statements, which comprise:

- the Statement of Financial Position as at 30 April 2021;
 - the Statement of Comprehensive Income for the year then ended;
 - the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Units for the year then ended;
 - the Schedule of Investments for each of the Funds as at 30 April 2021; and
 - the notes to the financial statements for each of the Funds, which include a description of the significant accounting policies.
-

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) ("ISAs (Ireland)") and applicable law.

Our responsibilities under ISAs (Ireland) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the Trust in accordance with the ethical requirements that are relevant to our audit of the financial statements in Ireland, which includes IAASA's Ethical Standard as applicable to listed entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Our audit approach

Overview

Materiality

- Overall materiality: 50 basis points of Net Assets Value ("NAV") at 30 April 2021 for each of the Trust's Funds.

Audit scope

- The Trust is an open-ended investment Trust. We tailored the scope of our audit taking into account the types of investments within the Funds, the involvement of the third parties referred to overleaf, the accounting processes and controls, and the industry in which the Trust operates. We look at each of the Funds at an individual level.

Key audit matters

- Valuation of financial assets and financial liabilities at fair value through profit or loss.
- Existence of financial assets and financial liabilities at fair value through profit or loss.

The scope of our audit

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the financial statements. In particular, we looked at where the manager made subjective judgements, for example the selection of pricing sources to value the investment portfolio. As in all of our audits, we also addressed the risk of management override of internal controls, including evaluating whether there was evidence of bias by the manager that represented a risk of material misstatement due to fraud.

Key audit matters

Key audit matters are those matters that, in the auditors' professional judgement, were of most significance in the audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) identified by the auditors, including those which had the greatest effect on: the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team. These matters, and any comments we make on the results of our procedures thereon, were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. This is not a complete list of all risks identified by our audit.

Key audit matter

How our audit addressed the key audit matter

Valuation of financial assets and financial liabilities at fair value through profit or loss

Refer to note 2 for the accounting policies of Financial assets and financial liabilities at fair value through profit or loss on pages 36 and 37 and the Schedule of Investments in the financial statements on pages 72 to 89.

The financial assets and financial liabilities at fair value through profit or loss included in the Statements of Financial Position as at 30 April 2021 are valued at fair value in line with Generally Accepted Accounting Practice in Ireland.

This is considered a key audit matter as it represents the principal element of the financial statements.

We tested the investment portfolios by independently agreeing the valuation of investments to third party vendor sources at the year-end date.

No material misstatements were identified as a result of the procedures we performed.

Existence of financial assets and financial liabilities at fair value through profit or loss

Refer to note 2 for the accounting policies of Financial assets and financial liabilities at fair value through profit or loss on pages 36 and 37 and the Schedule of Investments in the financial statements on pages 72 to 89.

This is considered a key audit matter as it represents a principal element of the financial statements.

We obtained independent confirmation from the Funds' Depository of the investment portfolios held as at 30 April 2021.

No material misstatements were identified as a result of the procedures we performed.

How we tailored the audit scope

We tailored the scope of our audit to ensure that we performed enough work to be able to give an opinion on the financial statements as a whole, taking into account the structure of the Trust, the accounting processes and controls, and the industry in which it operates.

The Manager controls the affairs of the Trust and is responsible for the overall investment policy which is determined by them. The Manager has delegated certain responsibilities to Baring Asset Management Limited (the 'Investment Manager') and to Northern Trust International Fund Administration Services (Ireland) Limited (the 'Administrator'). The Annual Report & Audited Financial Statements, which remain the responsibility of the Manager, are prepared on their behalf by the Administrator. The Trust has appointed Northern Trust Fiduciary Services (Ireland) Limited (the "Depository") to act as Depository of the Trust's assets. In establishing the overall approach to our audit, we assessed the risk of material misstatement at a fund level, taking into account the nature, likelihood and potential magnitude of any misstatement. As part of our risk assessment, we considered the Trust's interaction with the Administrator, and we assessed the control environment in place at the Administrator.

Materiality

The scope of our audit was influenced by our application of materiality. We set certain quantitative thresholds for materiality. These, together with qualitative considerations, helped us to determine the scope of our audit and the nature, timing and extent of our audit procedures on the individual financial statement line items and disclosures and in evaluating the effect of misstatements, both individually and in aggregate on the financial statements as a whole.

Based on our professional judgement, we determined materiality for the financial statements of each of the Trust's Funds as follows:

<i>Overall materiality and how we determined it</i>	50 basis points (2020: 50 basis points) of Net Assets Value ("NAV") at 30 April 2021 for each of the Trust's Funds.
<i>Rationale for benchmark applied</i>	We have applied this benchmark because the main objective of the Trust is to provide investors with a total return at a Fund level, taking account of the capital and income returns.

We agreed with the Board of Directors that we would report to them misstatements identified during our audit above 5 basis points of each Fund's NAV, for NAV per share impacting differences (2020: 5 basis points of each Fund's NAV, for NAV per share impacting differences) as well as misstatements below that amount that, in our view, warranted reporting for qualitative reasons.

Conclusions relating to going concern

Our evaluation of the manager's assessment of the Funds' ability to continue to adopt the going concern basis of accounting included:

- Obtaining an understanding of the key indicators that are monitored with respect to the going concern assumption and management's future plans for the Funds over the going concern period (being 12 months from the date of approval of the financial statements);
- Reviewing available board minutes during the period under audit and those available up to the date of this report;
- Considering post year end capital activity as recorded in the underlying accounting records;
- Making enquiries of management with respect to any planned significant redemptions of which they have been informed of;
- Considering the liquidity risk management techniques which are available to the Funds.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Funds' ability to continue as a going concern for a period of at least twelve months from the date on which the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the manager's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the Funds' ability to continue as a going concern.

Our responsibilities and the responsibilities of the manager with respect to going concern are described in the relevant sections of this report.

Reporting on other information

The other information comprises all of the information in the Annual Report & Audited Financial Statements other than the financial statements and our auditors' report thereon. The manager is responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

Responsibilities for the financial statements and the audit

Responsibilities of the manager for the financial statements

As explained more fully in the Statement of Manager's responsibilities set out on page 6, the manager is responsible for the preparation of the financial statements in accordance with the applicable framework giving a true and fair view.

The manager is also responsible for such internal control as the manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the manager is responsible for assessing the Funds' ability to continue as going concerns, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the manager intends to cease operations, or has no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Our audit testing might include testing complete populations of certain transactions and balances, possibly using data auditing techniques. However, it typically involves selecting a limited number of items for testing, rather than testing complete populations. We will often seek to target particular items for testing based on their size or risk characteristics. In other cases, we will use audit sampling to enable us to draw a conclusion about the population from which the sample is selected.

A further description of our responsibilities for the audit of the financial statements is located on the IAASA website at:

https://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description_of_auditors_responsibilities_for_audit.pdf.

This description forms part of our auditors' report.

Use of this report

This report, including the opinion, has been prepared for and only for the unitholders of each of the Funds as a body in accordance with the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended) and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Barings International Umbrella Fund

Investment Managers' Report

For the financial year ended 30 April 2021

Barings ASEAN Frontiers Fund

Performance

Barings ASEAN Frontiers Fund (the "Fund") registered a gross return of 60.60% on the Class A USD Inc unit class. The Fund outperformed the performance comparator that delivered a return of 23.62%* during the reporting period, and generated a net return of 57.87% on the Class A USD Inc unit class.

ASEAN markets staged a powerful rally especially in the final quarter of 2020 after woefully lagging North Asia since markets troughed in March 2020. Fiscal stimulus and monetary policies have remained supportive across the region since the outbreak of COVID-19, aiming to help to mitigate economic shock from the epidemic and pave the way for recovery. Meanwhile, the approvals and imminent rollout of a few COVID-19 vaccines alongside conclusion of the US Presidential Elections in the last quarter of 2020 has removed some of the key risk factors for the markets. Nevertheless, the region still lagged the broad Asia ex-Japan market by a significant gap over the year, reflecting not only less effective COVID-19 containment versus North Asia, but also over-representation of COVID-19 challenged Old Economy sectors and the lack of tech players.

Over the 12 month reporting period, stock selection served as a key driver to relative outperformance, especially from sectors such as communication services and industrials. Our largest holding on an absolute and relative basis, SEA Ltd., which is ASEAN's leading game developer and e-commerce marketplace, ended the year as a key contributor to the Fund. Share price enjoyed a rally thanks to the strong secular growth trends in online gaming and e-commerce accelerated by Covid-19, which led to robust business growth outlook of the company. Country-wise, stock selection in Singapore and Thailand made notable contributions to relative performance. For instance, KCE Electronics, a Thailand-based manufacturer of PCBs (Printed Circuit Board) which are used for automotive, industrial, telecoms and medical industries, added value to the Fund's performance over the review period in light of resilient demand outlook of the automotive supply chain, with sales mainly directed to Europe and US markets.

On the other hand, the relatively negative exposure to financials ended as key drag to the Fund over the past year, particularly from the lack of exposure in Singapore-based Oversea-Chinese Banking Corporation that has resulted in detractions to relative performance on the back of the announcement of the new CEO appointment alongside improving outlook on earnings recovery, which led to a share price rebound. Elsewhere, the Fund's zero investment in Malaysian glove manufacturer Top Glove was another notable detractor, largely due to glove sector rallies in 2020 on the back of strong demand growth on medical gloves amid the COVID-19 pandemic.

Market outlook

Looking ahead, we remain positive on ASEAN equities outlook. COVID-19 situation is relatively under control now with governments across the region more prepared to better manage the situation in spite of the resurgence of new cases. Concurrently, the vaccine rollout in countries such as Indonesia, Singapore and Malaysia will provide a major boost to investor sentiment. This will help fuel consumption and restart investment as the recovery takes hold. Together with a supportive global economic backdrop, bolstered by government spending, corporate capital allocation and supply chain diversification will recommence and restart a new capital spending cycle. Therefore, economic momentum should shift back in favor of ASEAN towards the end of the year.

Barings International Umbrella Fund

Investment Managers' Report (continued)

For the financial year ended 30 April 2021

Barings ASEAN Frontiers Fund (continued)

Market outlook (continued)

While being cognizant of near-term market headwinds driven by rising bond yields and inflation outlook, we remain disciplined and anchored by our bottom-up investment process, and take market corrections as attractive entry points to build up positions in companies with structural growth potentials and quality fundamentals. From a bottom-up perspective, there are many companies we favor across the region that are delivering strong earnings growth prospects through being positioned as the beneficiaries of secular growth trends accelerated by the outbreak of COVID-19, across sectors / thematic ranging from digital economy and infrastructure, health care to renewables. Meanwhile, we maintain a positive view on selective manufacturing and industrial companies which should benefit from the longer-term thematic of production bases relocation from China to ASEAN as well as the multi-year trend of supply chain diversification. We also continue to favor selective consumer companies that are backed by strong domestic franchises, particularly those that are expected to benefit from consumption pattern shifts or domestic consumption recovery amid and post the pandemic, while being further supported by long-term secular growth drivers such as demographic advantages and continuing urbanisation.

* The Fund return uses the midday prices, whereas the return of the comparator is calculated using global close prices.

Barings International Umbrella Fund

Investment Managers' Report (continued)

For the financial year ended 30 April 2021

Barings Asia Growth Fund

Performance

Barings Asia Growth Fund (the "Fund") registered a gross return of 76.77% on the Class A USD Inc unit class, and managed to outperform the performance comparator that delivered a return of 47.95%* during the reporting period. The Fund generated a net return of 73.77% on the Class A USD Inc unit class.

Over the 12 month reporting period, Asian equities have shown strong resilience while global economies continue to navigate through the COVID-19 crisis. Market performance was buoyed by fiscal and monetary stimulations across the world as well as development on COVID-19 vaccine at a historic speed, which made investors see through the short-term impact of the pandemic. Having said that, stronger demand revival in key consumption categories without adequate supply normalization has pushed up commodity prices, and led to inflation concerns as well as a sharp rise in US interest rates towards the end of the review period.

Stock selection was a major driver to the Fund's outperformance over the reporting period, particularly from sectors such as communication services and consumer discretionary. SEA Ltd., which is ASEAN's leading game developer and e-commerce marketplace, ended the year as a key contributor to the Fund. Share price enjoyed a rally thanks to the strong secular growth trends in online gaming and e-commerce accelerated by COVID-19, which led to robust business growth outlook of the company. China Tourism Group Duty Free, a dominant duty-free operator in China, also added value to the Fund's performance, as the company continues to benefit from government's favorable policy support to bring back duty-free consumption from overseas to domestic market. In contrast, our relatively negative exposure to Baidu detracted from relative performance, as share price performed well on the back of electric vehicle potential of the company. Copper Clad Laminate (CCL) manufacturer Taiwan Union Technology was another drag to relative performance, largely due to concerns over potential order impacts from one of its major clients, Huawei, in light of new rounds of US sanctions.

Market outlook

As vaccination speeds up globally, economies will open up and start the normalization process with gradual recovery. While Asian economies have been slow in vaccination compared to Western counterparts, COVID-19 impact has also been relatively benign here. The U.S. economy is expected to lead the global economic recovery in the coming quarters, thanks to massive fiscal stimulus packages still being rolled out, while the US Federal Reserve maintains an accommodative stance. Within Asia, China is fine-tuning its economic growth recovery in a more sustainable fashion. This sets a positive outlook for key Asian exporters such as Taiwan and South Korea. Large domestic-oriented economies like India and Indonesia, will benefit from structural growth tailwinds as they navigate COVID-19 impact. Earnings season for the year has also commenced on a robust footing on lower base, despite the ongoing challenges such as supply chain disruptions. It is highly likely that a new capital expenditure cycle can take off, particularly in tech, but also across other industries, driven by the strong demand recovery and the faster-than-anticipated adoption of many secular growth products and services. This is visible in leading indicators of capital expenditure such as capital imports from Korea and Taiwan. Taking all into consideration, we believe Asian equities look attractive supported by an accelerating earnings outlook, relatively reasonable valuations, and still under-owned by global investors.

Barings International Umbrella Fund

Investment Managers' Report (continued)

For the financial year ended 30 April 2021

Barings Asia Growth Fund (continued)

As we look across the markets today, we see particular value in companies exposed to secular growth themes such as technological ubiquity (the digitalisation and connectivity of everything), evolving lifestyle and societal values (sustainability, millennial/Gen Z consumption trends, wellness economy) and de-globalisation (supply chain diversification/bifurcation and reshoring). The recent share price corrections in some companies with exposure to these themes have resulted in more attractive valuations, at times creating opportunities to purchase well-positioned companies at attractive prices. Nevertheless, the current global economic recovery has also improved growth prospects beyond the abovementioned structural growth sectors, to sectors such as materials/commodities thereby broadening the opportunity set for us in our portfolio construction.

* The Fund return uses the midday prices, whereas the return of the comparator is calculated using global close prices.

Barings International Umbrella Fund

Investment Managers' Report (continued)

For the financial year ended 30 April 2021

Barings Australia Fund

Performance

Barings Australia Fund (the "Fund") generated a gross return of 58.66% on the Class A USD Inc unit class, and outperformed the performance comparator, which returned 53.31%* during the reporting period. The Fund generated a net return of 55.96% on the Class A USD Inc unit class.

The Australian market rebounded significantly over the period as Australian and global policy makers responded to the COVID-19 challenge with large-scale monetary and fiscal easing. This proved effective in supporting the Australian economy with a better than expected recovery in employment and a strengthened housing market. The successful development of vaccines further improved sentiment and shifted market focus to the recovery. At sector level, banks were a large contributor to the market rebound given their cyclical exposure. The materials sector (miners) was also a key contributor, with share performance driven by commodity price inflation as a sharp global recovery in demand exceeded the constrained supply.

The Fund outperformed against this backdrop due to individual stock selection. We focus on high quality, growth companies that offer attractive value over a long-term time horizon and exhibit a positive or improving ESG (Environmental, Social and Governance) impact. Goodman Group was among the top contributors to the outperformance and has been a longstanding holding in the Fund. It is a high quality commercial and industrial property business that is very well positioned to serve increasing demand for logistic facilities and data centres driven by the growth of e-commerce and cloud computing. It also demonstrated good earnings resilience in the COVID-19 environment.

The market volatility in early 2020 also provided an opportunity for the Fund to acquire new positions in high quality, growth companies at depressed valuations that went on to perform strongly through the period. These included REA Group and Carsales.com, the leading online Australian property and auto portals. Both are highly cash generative and benefit from strong domestic market positions and international growth potential. Another new addition was Domino's Pizza Enterprises, a restaurant franchise that spans Australia, Japan and parts of Europe. Growth in home delivery supported earnings during national lockdowns and the company has a very attractive long-term growth opportunity from greater digital ordering, rollout of new stores and continued innovation.

The quality and growth focus of the Fund resulted in having proportionally less exposure to Banks than the market. The strong Bank sector performance over the period as the economic outlook improved was, therefore, a headwind to the Fund's outperformance. At individual stock level, the largest detractor to performance was Fortescue Metals, an iron ore miner that benefited from iron ore price inflation. We are concerned over the sustainability of the iron ore price given long-term demand and supply dynamics. Our preference is for BHP Group and Rio Tinto, which supply a higher grade of iron ore from an environmental perspective (with better long-term price support) and are more diversified (i.e. produce copper which as a key component in the global transition to renewable energy generation and electric vehicles should see long-term demand growth).

ESG analysis and engagement with management teams is a key part of our investment process. At period end, the Fund ranked in the 12th percentile of the Morningstar Sustainability rating. We also estimate that Carbon Scope 1 emissions of the Fund were 57% lower than the MSCI Australia benchmark (at portfolio NAV), and Carbon Scope 2 emissions were 42% lower. Certain healthcare holdings within the Fund played a very positive role in helping to save lives during the pandemic, such as through providing protective gear (Ansell), testing (Sonic Healthcare), respiratory care (Resmed), and plasma treatment and vaccine manufacture (CSL).

Market outlook

The Australian economic outlook is positive which should provide support to earnings growth and the market. The IMF April 21 update forecasts Australia real GDP to grow 4.5% in 2021 and 2.8% in 2022 supported by the labour market recovery, consumption and rising house prices. The Australian Budget (May 2021) forecasts unemployment to reduce to 5% in mid 2021 and lower beyond and for net debt as a proportion of GDP to peak at a lower than previously expected level of 40.9% of GDP in June 2025 (which could imply some leeway to step up fiscal support again if the economy requires it).

The current rate of COVID-19 infection in Australia is very low due to the success of travel restrictions put in place last year and an effective track and trace program. However, the pandemic will remain a key risk until vaccines have been fully rolled-out both domestically and internationally (assuming vaccine efficacy to new strains remains high). We do not anticipate another significant wave of cases in Australia but will continue to manage this risk within the Fund.

Barings International Umbrella Fund

Investment Managers' Report (continued)

For the financial year ended 30 April 2021

Barings Australia Fund (continued)

Market outlook (continued)

We maintain our investment approach of focusing on high quality, growth companies that offer attractive value over a long-term time horizon. This includes ESG analysis and engagement. We still see attractive upside at the individual stock level for companies held in the Fund over the next five years despite the market recovering well over the last year. This is underpinned by attractive qualities such as high cash generation, competitive advantage and tech innovation and with long-term earnings growth drivers that span beyond the cyclical recovery. We also aim to continue to be disciplined on valuations.

* The Fund return uses the midday prices, whereas the return of the comparator is calculated using global close prices.

Barings International Umbrella Fund

Investment Managers' Report (continued)

For the financial year ended 30 April 2021

Barings Europa Fund

Performance

Barings Europa Fund (the "Fund") generated a gross return of 42.01% on the Class A USD Inc unit class but underperformed against the performance comparator, which returned 43.05%* during the reporting period. The Fund generated a net return of 39.59% on the Class A USD Inc unit class.

The twelve-month reporting period coincided with a strong recovery in the broader European market from the lows of March 2020. As well as from the initial recovery from these lows as a more measured reaction to the pandemic took place, investor sentiment was also helped in the autumn by positive news on vaccine developments.

In this environment, a number of the Fund's IT holdings performed particularly well, notably those that are expected to benefit from changing consumer behaviour in light of COVID-19, be that online shopping – such as payments processor Adyen - or a general rise in semiconductor demand - where ASML provides key equipment - for products used by both consumers and businesses in, for example, working from home applications. Companies that provide the materials for the expected increase in infrastructure spending, driven in part by programmes to enhance regional environmental profiles, such as mining groups Anglo American and Boliden, also contributed positively to the Fund's performance over the period.

Partly offsetting these strong performances were weaknesses in the Fund's healthcare holdings, namely Roche and AstraZeneca, as their share prices failed to keep pace with the market due in part to these companies seeing limited benefit from spending packages or a broader economic recovery. Oil & gas group Royal Dutch Shell also performed relatively poorly, despite a sharp recovery in the oil price as the economic outlook improved, as the market focused more on the current product profile of hydrocarbons and appeared to overlook the group's increasing exposure to renewable energy.

Market outlook

As we move through 2021, equity markets have continued to extend their recovery from the lows of 2020, reflecting optimism that this year will see a strong rebound in economic activity worldwide as the impact of COVID-19 recedes due to the vaccination rollouts across the world. Whilst some of these programmes have admittedly not been without their issues, including in several European countries, the programme in the UK – a key market for numerous holdings in the portfolio – has been more successful.

Investor sentiment has been further improved by the launch of the EU's Recovery & Resilience Fund, and the continued loose monetary policy of the European Central Bank. With these measures mirrored elsewhere across the world such as the US, the conditions for a favourable equity market environment are in place.

Whilst we are certainly not dismissive of the potential for new waves and new strains of the coronavirus in the years ahead, we do believe that the worst of the pandemic is behind us. As we continue to focus on the longer-term management of the Fund, we are certainly accepting of the view that the world has changed due to the pandemic. As a result, there are now new scenarios to assess when considering the growth prospects of existing and new investments, though our aim remains to identify attractively valued investment opportunities in companies whose strategic positioning, pricing power and competitive strengths can drive sustained growth and profitability over the long term.

* The Fund return uses the midday prices, whereas the return of the comparator is calculated using global close prices.

Barings International Umbrella Fund

Investment Managers' Report (continued)

For the financial year ended 30 April 2021

Barings Hong Kong China Fund

Performance

Barings Hong Kong China Fund (the "Fund") registered a gross return of 61.96% on the Class A USD Inc unit class and outperformed the performance comparator with a return of 39.32%* during the reporting period. The Fund generated a net return of 59.21% on the Class A USD Inc unit class.

While disruptions and challenges from the COVID-19 pandemic have brought significant impact to global economies, Chinese equities still managed to pick up well and delivered a strong market rebound, particularly amid the second half of 2020. Markets later started to pull back in 2021 after the Lunar New Year on the back of pressure from renewed risk of inflation and surging long-term bond yields, not helped by near-term pressure on the policy front such as the announcement of stamp duty hike in the Hong Kong stock market as well as regulatory overhangs of Chinese American Depositary Receipts ("ADRs").

Stock selection was one of the key drivers of relative outperformance, especially in sectors such as communication services, information technology and financials. The holding in online video streaming platform Bilibili was a key contributor over the past 1 year, driven by resilient user base expansion and increasing user stickiness in light of continuing content enhancement and diversification. Meanwhile, the Fund's lack of exposure to China Construction Bank contributed notably to relative performance, as share price went lower on expectations of profit contractions as well as asset quality pressure from the COVID-19 outbreak. Our zero investment in telecom player China Mobile also added value to relative performance, partly due to flat earnings results reported during the year which led to muted share price performance. On the other hand, our lack of exposure to EV (Electric Vehicle) manufacturer NIO ended as a key detractor to the Fund over the year. Share price rally was supported by the strong beat of quarterly earnings on resilient EV demand alongside improving operations of the company. Stock selection in health care also hurt relative performance, especially from the relatively negative exposure to pharmaceutical firm Wuxi Biologics, as market focuses on Covid-19 related programs such as vaccines and neutralizing antibodies have driven up the share price of the company over the year.

Market outlook

Looking at year-to-date macro data in China, it has indicated an upbeat economic momentum especially on manufacturing and exports, along with signs of expansions into domestic consumption and services activities. The solid economic recovery is expected to continue this year as we move towards a post-COVID-19 era with increasing vaccinations globally, and this should provide a supportive backdrop for ongoing business recoveries alongside earnings upward revisions for Chinese companies. The resilient recovery path that has come ahead of many global peers so far is leading to expectations of a modest normalisation in policy support this year. That being said, we believe long-term policy support to develop structural growth in certain areas remains promising, especially those illustrated in the official 14th five-year-plan. Among these key topics we have seen deeper penetration of existing concepts, such as the continuation of economic transformation towards sustainable and high-quality growth, as well as further urbanisation and welfare improvements. Meanwhile, new structural changes were introduced, including self-sufficiency in the supply chain, technological innovations, and green ecology awareness with de-carbonisation targets set to strike a balance between economic development and sustainability. These should bolster the outlook on thematic such as new infrastructure, domestic consumption, health care, technology localization and sustainability, and we expect these long-term development landscapes to bring in more domestic and sustainable drivers for Chinese economic growth.

Barings International Umbrella Fund

Investment Managers' Report (continued)

For the financial year ended 30 April 2021

Barings Hong Kong China Fund (continued)

Market outlook (continued)

Although being cognizant of near-term market volatilities alongside uncertainties from external overhangs, such as evolving US-China relations and COVID-19 situation worldwide, we remain constructive on the Chinese equities in the medium to longer term driven by bottom-up fundamentals, and continue to find opportunities among quality companies that are well positioned to be the potential beneficiaries of continuing urbanisation, productivity innovation and consumption upgrade trend. As income growth continues while demand for higher quality goods and services increases in China, we remain constructive on leading domestic consumption plays with strong brand and pricing power, as well as companies that manage to capture market share and benefit from industry consolidation.

* The Fund return uses the midday prices, whereas the return of the comparator is calculated using global close prices.

Barings International Umbrella Fund

Investment Managers' Report (continued)

For the financial year ended 30 April 2021

Barings Global Bond Fund

Performance

Barings Global Bond Fund (the "Fund") generated a gross return of 6.68% on the Class A USD Inc unit class and outperformed its index comparator with a return of 1.78%* during the reporting period. The Fund generated a net return of 5.40% on the Class A USD Inc unit class.

Over the 12 month reporting period, many countries have started using COVID-19 vaccines but there is uncertainty when vaccines will be available for most people. Most central banks have continued monetary easing on the back of uncertainty around the COVID-19 situation and economic growth. The U.S. government announced fiscal stimulus packages and is considering further fiscal stimulus with tax increase. U.S. bond yield rose due to the economic recovery and fiscal stimulus by the U.S. government.

The Fund has maintained a long-duration stance on the back of monetary easing by central banks. Within European countries, the fund has maintained positions on European peripherals. The Fund has also continued to own USD denominated Emerging bonds. Top contributors over the investment period have been due to spread tightening in USD and EUR denominated bonds as well as strong contributions from currencies in Mexico, New Zealand and Poland.

Market outlook

Biden's administration announced a proposed tax increase for further fiscal stimulus. The tax increase will contribute to lower yields. The yield curves will react with flattening if the markets discount the fiscal tapering. In terms of the global economy, we can expect a short-term economic recovery year-over-year due to base effect. However, we expect lower yields after the summer due to structural factor and diminishing base effect. We hold inflation linked bonds and quasi- sovereign bonds in preparation for higher yields. The bonds in Eastern European countries, like Poland, are attractive as the countries will benefit from the EU recovery fund and the central banks will continue monetary easing as a means of supporting their local economies. Australian rates are also attractive as the risk of fiscal expansion will be relatively limited in part to its success in containing COVID-19.

* The Fund return uses the midday prices, whereas the return of the comparator is calculated using global close prices.

BARINGS

Barings International Umbrella Fund

Notes to the financial statements

For the financial year ended 30 April 2021

1. Basis of measurement

The financial statements have been prepared in accordance Irish Generally Accepted Accounting Practice, including Financial Reporting Standard 102, “The Financial Reporting Standard applicable in the UK and Republic of Ireland” (“FRS 102”) as issued by the UK Financial Reporting Council (“FRC”), and Irish law and certain provisions of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (the “UCITS Regulations”). Accounting standards generally accepted in Ireland in preparing financial statements giving a true and fair view are those issued by the Financial Reporting Council (“FRC”).

Barings International Umbrella Fund (the “Unit Trust”) has been authorised by the Central Bank of Ireland (the “CBI”) pursuant to the Unit Trusts Act, 1990, and the Trust Deed. As the Barings ASEAN Frontiers Fund, Barings Asia Growth Fund, Barings Australia Fund, Barings Europa Fund, Barings Hong Kong China Fund and Barings Global Bond Fund (the “Funds”) are registered for sale in Hong Kong, the Unit Trust has also been authorised by the Hong Kong Securities and Futures Commission (“SFC”) pursuant to the provisions of the Hong Kong Code on Unit Trusts and Mutual Funds, supplemented or consolidated from time to time.

The Unit Trust meets all the conditions set out in FRS 102, section 7 and consequently has availed of the exemption available to certain funds not to prepare a statement of cash flows.

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of the judgements made about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The financial statements have been prepared under the historical cost convention as modified by the revaluation of financial assets and financial liabilities, including derivative financial instruments held at fair value through profit or loss. The financial statements have been prepared on a going concern basis.

2. Significant accounting policies

(a) Fair value measurement

By fully adopting FRS 102, in accounting for its financial instruments, a reporting entity is required to apply either (a) the full requirements of FRS 102 relating to Basic Financial Instruments and Other Financial Instruments, b) the recognition and measurement provisions of IAS 39 Financial Instruments: Recognition and Measurement and only the disclosure requirements of FRS 102 relating to Basic Financial Instruments and Other Financial Instruments, or c) the recognition and measurement provisions of IFRS 9 Financial Instruments and only the disclosure requirements of FRS 102 relating to Basic Financial Instruments and Other Financial Instruments. The Unit Trust has chosen to implement (b) the recognition and measurement provisions of IAS 39 Financial Instruments: Recognition and Measurement and only the disclosure requirements of FRS 102 relating to Basic Financial Instruments and Other Financial Instruments.

The use of the IAS 39 recognition and measurement provisions is in line with the pricing policy, which outlines that the fair value of financial assets and financial liabilities be valued at the last traded prices. The financial statements include all the trades received up until 12:00p.m. (Irish time) on 30 April 2021, the valuation point for the Unit Trust.

(b) Foreign exchange transaction

Functional and presentation currency

Items included in the Unit Trust’s financial statements are measured using the currency of the primary economic environment in which it operates (the “functional currency”). The functional and presentation currency of the Unit Trust is the US dollar, which reflects the fact that a majority of the redeemable participating units have been subscribed and redeemed in US dollars.

Barings International Umbrella Fund

Notes to the financial statements (continued)

For the financial year ended 30 April 2021

2. Significant accounting policies (continued)

(b) Foreign exchange transaction (continued)

Transactions and balances

Foreign currency transactions are translated into the functional and presentation currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Comprehensive Income.

Proceeds from subscriptions and amounts paid on redemption of redeemable participating units are translated into the functional currency using the exchange rates prevailing at the dates of the transactions.

They represent the difference between an instrument's initial carrying amount and disposal amount, or cash payments or receipts made on derivative contracts (excluding payments or receipts on collateral margin accounts for such instruments).

(c) Financial assets and financial liabilities at fair value through profit or loss

Classification

The Funds classify their investments in securities as financial assets or financial liabilities at fair value through profit or loss. These financial assets and financial liabilities are classified as held for trading or designated by the Directors of the Manager at fair value through profit or loss at inception.

Financial assets or financial liabilities held for trading are those acquired or incurred principally for the purposes of selling or repurchasing in the short term. Financial assets and financial liabilities designated at fair value through profit or loss at inception are those that are managed and whose performance is evaluated on a fair value basis in accordance with the Funds' documented investment strategies. The Funds' policy is for Baring Asset Management Limited (the "Investment Manager") and the Directors of the Manager to evaluate the information about these financial assets on a fair value basis together with other related financial information. These financial assets and financial liabilities are expected to be realised within 12 months of the Statement of Financial Position date.

Recognition/derecognition

Purchases and sales of investments are recognised on the trade date – the date on which the Funds commit to purchasing or selling the investment. The financial statements include all the trades received up until the valuation point for each Fund as disclosed on page 3. Any trades received subsequent to these points are not reflected in the financial statements. Investments are de-recognised when the rights to receive cash flows from the investments have expired or the Funds have transferred substantially all risks and rewards of ownership. Realised gains and losses on disposals of financial assets and financial liabilities classified as 'at fair value through profit or loss' are calculated using the First In First Out ("FIFO") method. They represent the difference between an instrument's initial carrying amount and disposal amount, or cash payments or receipts made on derivative contracts (excluding payments or receipts on collateral margin accounts for such instruments).

Measurement

Financial assets and financial liabilities at fair value through profit or loss are initially recognised at fair value. Transaction costs are included in the 'net fair value gain/(loss) on financial assets at fair value through profit or loss' in the Statement of Comprehensive Income for each individual Fund. Subsequent to initial recognition, all financial assets and financial liabilities at fair value through profit or loss are measured at fair value at the relevant valuation point for each Fund as disclosed on page 3. Gains and losses arising from changes in the fair value of the 'Financial assets or financial liabilities at fair value through profit or loss' category are presented in the Statement of Comprehensive Income in the year in which they arise.

Barings International Umbrella Fund

Notes to the financial statements (continued)

For the financial year ended 30 April 2021

2. Significant accounting policies (continued)

(c) Financial assets and financial liabilities at fair value through profit or loss (continued)

Fair value estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As a result of the Unit Trust's decision to implement the recognition and measurement provisions of IAS 39 Financial Instruments: Recognition and Measurement, the fair value of financial assets and liabilities traded in active markets (such as publicly traded derivatives and trading securities) are based on quoted market prices at the Fund's valuation point on the reporting date.

The Unit Trust's fair valuation input utilises the last traded market price for both financial assets and financial liabilities where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, management will determine the point within the bid-ask spread that is most representative of fair value.

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. The Funds use a variety of methods and make assumptions that are based on market conditions existing at the Statement of Financial Position date. Unquoted investments are valued in accordance with the most recent valuation made by the Manager. In the absence of a price being available for a security, the Directors of the Manager can determine such a valuation where appropriate. Valuation techniques used include the use of comparable recent arm's length transactions, discounted cash flow analysis, option pricing models and other valuation techniques commonly used by market participants. On the Barings Hong Kong China Fund portfolio, Tungda Innovative Lighting is valued at US\$ nil (30 April 2020: US\$ nil).

Forward foreign currency transactions

Forward foreign currency transactions "FFCT's" are measured at fair value based on the closing prices of the FFCTs contract rates on the relevant foreign exchange market on a daily basis. Realised and unrealised gains and/or losses are reported in the Statement of Comprehensive Income.

Futures contracts

A futures contract is an agreement between two parties to buy and sell a security, index or currency at a specific price or rate at a future date. Upon entering into a futures contract, the Funds are required to deposit with a broker an amount of cash or cash equivalents equal to a certain percentage of the contract amount. This is known as the "initial cash margin". Subsequent payments ("variation margins") are made or received by the Funds each day, depending on the daily fluctuation in the value of the contract.

The daily changes in contract value are recorded as unrealised gains or losses, and the Funds recognise a realised gain or loss when the contract is closed. Unrealised gains and losses on futures contracts are recognised in the Statement of Comprehensive Income.

(d) Income

Interest income and interest expenses

Interest income and interest expenses are recognised in the Statement of Comprehensive Income for all debt instruments and cash using the effective interest method. The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating the interest income or interest expense over the relevant year. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts throughout the expected life of the financial instrument, or a shorter year where appropriate, to the net carrying amount of the financial asset or financial liability.

Once a financial asset or a group of similar financial assets has been written down as a result of an impairment loss, interest income is recognised using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss.

Barings International Umbrella Fund

Notes to the financial statements (continued)

For the financial year ended 30 April 2021

2. Significant accounting policies (continued)

(d) Income (continued)

Dividend Income

Dividends are credited to the Statement of Comprehensive Income on the dates on which the relevant securities are listed as "ex-dividend". Dividend income is shown gross of any irrecoverable withholding taxes, which are disclosed separately in the Statement of Comprehensive Income, and net of any tax credits.

(e) Expenses

All expenses, including management fees, administration fees and depositary fees, are recognised in the Statement of Comprehensive Income on an accruals basis. The Manager meets all other expenses incurred by the Unit Trust in connection with its services.

(f) Receivables

Receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Receivables are initially recognised at fair value plus transaction costs that are directly attributable to their acquisition origination. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(g) Payables

Payables are initially recognised at fair value and subsequently stated at amortised cost using the effective interest method. The difference between the proceeds and the amounts payable is recognised over the year of the payable using the effective interest method.

(h) Redeemable participating units

Redeemable participating units are redeemable at the unitholder's option and are classified as financial liabilities. The accounting policy for recognition of subscriptions and redemptions is that they were recorded effective from the trade date for financing reporting purposes.

The redeemable participating unit can be put back into the Unit Trust on any business day of the Fund for cash equal to a proportionate unit of the Fund's Net Asset Value. The redeemable participating unit is carried at the redemption amount that is payable at the Statement of Financial Position date if the unitholder exercised their right to put the unit back into the Unit Trust.

In accordance with the provisions of the Trust Deed, listed investments and investments with prices quoted in over-the-counter markets or by market makers are stated at the last traded price on the valuation day for the purpose of determining the Net Asset Value per unit for subscriptions and redemptions and for various fee calculations.

Net assets attributable to holders of redeemable participating units represent a liability in the Statement of Financial Position, carried at the redemption amount that would be payable at the Statement of Financial Position date if the unitholder exercised the right to redeem the unit to the Fund.

(i) Transaction costs

Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or financial liability. An incremental cost is one that would not have been incurred if the entity had not acquired, issued or disposed of the financial instrument. When a financial asset or financial liability is recognised initially, an entity shall measure it at its fair value through profit or loss plus transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. They include fees and commissions paid to agents, advisers, brokers or dealers. Transaction costs are included in the 'net fair value gain/(loss) on financial assets at fair value through profit or loss' in the Statement of Comprehensive Income for each individual Fund. See note 6, 'Significant agreements and fees', for further information on transaction costs.

Barings International Umbrella Fund

Notes to the financial statements (continued)

For the financial year ended 30 April 2021

2. Significant accounting policies (continued)

(j) Distributions

Note 5 discloses all distributions declared and paid during the year. Income distributions for the Barings Global Bond Fund Class A Inc units and Class I Inc units are normally paid twice annually no later than 31 July and 31 January of each year.

Distributions in respect of Barings ASEAN Frontiers Fund Class A Inc units, Barings Australia Fund Class A Inc units, Barings Europa Fund Class A Inc units and Barings Hong Kong China Fund Class A Inc units are normally paid annually no later than 31 July of each year. Distributions may be declared from net income and net fair value gains on financial assets. Unitholders should note that distributions below US\$100/£50/€100 are automatically reinvested. The distribution on these units is recognised in the Statement of Comprehensive Income as finance costs on an ex-date basis. Distributions in respect of Barings Global Bond Fund distributions may be paid out of capital and/or any surplus net income and/or any capital gains less realised and unrealized capital losses.

(k) Net income equalisation

Net income equalisation is accrued net income included in the price of units purchased and redeemed during the accounting year. The subscription price of units is deemed to include an equalisation payment calculated by reference to the accrued net income of the relevant Fund, and the first distribution in respect of any unit will include a payment of income usually equal to the amount of such equalisation payment. The redemption price of each unit will also include an equalisation payment in respect of the accrued net income of the relevant Fund up to the date of redemption. Income equalisation is detailed on the statement of changes in net assets of each Fund where applicable.

3. Cash and cash equivalents, margin cash and bank overdrafts

Cash, margin cash and cash equivalents is valued at their fair value with interest accrued, where applicable. Barings ASEAN Frontiers Fund held cash deposits of US\$6,755,879 (30 April 2020: bank overdraft of US\$522,438), Barings Asia Growth Fund held cash deposits of US\$1,628,533 (30 April 2020: US\$3,566,198), Barings Australia Fund held cash deposits of US\$636,573 (30 April 2020: cash deposits of US\$1,268,946), Barings Europa Fund held cash deposits of US\$146,522 (30 April 2020: US\$14,387), Barings Hong Kong China Fund held cash deposits of US\$15,503,976 (30 April 2020: US\$940,720) and Barings Global Bond Fund held cash deposits of US\$1,133,956 (30 April 2020: US\$2,209,946) maintained with The Northern Trust Company ("TNTC"), London branch, uninvested cash balances are being swept daily into the Northern Trust Global Funds.

Any margin cash is held by the broker as this is restricted cash. As at 30 April 2021 and 30 April 2020 the margin cash held was US\$Nil.

6. Significant agreements and fees (continued)

Management fees (continued)

The Unit Trust is managed by the Manager, which has delegated investment responsibilities to Baring Asset Management Limited (the "Investment Manager"). The Investment Manager is an investment management company incorporated in London on 6 April 1994. The Investment Manager is part of the Barings LLC Group and is a wholly owned subsidiary of Massachusetts Mutual Life Insurance Company ("MassMutual"). The Investment Manager has appointed Baring Asset Management (Asia) Limited, Barings LLC and Barings Japan Limited (together, the "Sub-Investment Managers") as the Sub-Investment Managers to the relevant Funds. The Sub-Investment Managers are also part of the Barings LLC Group. Management fees charged during the financial year-end are disclosed on each Fund's Statement of Comprehensive Income and the outstanding amounts payable for management fees as at the end of the financial year-end are disclosed on each Fund's Statement of Financial Position.

The Manager will discharge the fees and expenses of the Investment Manager out of its own fee. The Investment Manager will discharge the fees and expenses of the Sub-Investment Managers out of its own fee. The management fee is payable monthly in arrears and is calculated and accrued by reference to the Net Asset Value of each Funds as at each business day ("valuation day").

Where the Net Asset Value of any Fund includes interests in any Investment Fund managed by a subsidiary of the parent company (a "Barings Fund"), the fee payable to the Manager relating to the holding will be reduced by the percentage rate (if any) charged to the Barings Fund for comparable management services.

Administration, Depositary and Operating fees

The Manager is entitled to receive an administration, depositary and operating fee. The fee payable is a percentage of the Net Asset Value of each class and is accrued daily and paid monthly in arrears. The Manager pays the aggregate fees and expenses of the Administrator and Depositary, in addition to certain other fees and ongoing expenses.

For Barings ASEAN Frontiers Fund, the Manager is entitled to receive a fee of 0.45% per annum for all A unit classes (A Hedged classes 0.4625%) and 0.25% per annum for all I unit classes (I Hedged classes 0.2625%).

For Barings Asia Growth Fund, the Manager is entitled to receive a fee of 0.45% per annum for all A unit classes (A Hedged classes 0.4625%) and 0.25% per annum for all I unit classes (I Hedged classes 0.2625%).

For Barings Australia Fund and Barings Global Bond Fund, the Manager is entitled to receive a fee of 0.45% per annum for all A unit classes (A Hedged classes 0.4625%) and 0.25% per annum for all I unit classes.

For Barings Europa Fund and Barings Hong Kong China Fund, the Manager is entitled to receive a fee of 0.45% per annum for all A and C unit classes (A Hedged classes 0.4625%) and 0.25% per annum for all I unit classes.

Please refer to the Prospectus for full details of the fees payable.

Investment funds

The Funds currently invest in Northern Trust Global Funds managed by Northern Trust Global Funds a related party to the Administrator and Depositary. These holdings are detailed in the schedule of investments.

Trailer fees and reimbursements

Trailer fees (commissions for the marketing of the Funds) are paid to distribution, commission and sales agents out of the management fees. Reimbursements to institutional investors, who, from a commercial perspective, are holding the Funds' redeemable participating units for third parties, are also paid out of the management fees.

Barings International Umbrella Fund

Notes to the financial statements (continued)

For the financial year ended 30 April 2021

6. Significant agreements and fees (continued)

Transaction costs

The transaction costs incurred by the Funds for the years ended 30 April 2021 and 30 April 2020 were as follows:

Fund	30 April 2021	30 April 2020
Barings ASEAN Frontiers Fund	US\$743,979	US\$942,210
Barings Asia Growth Fund	US\$442,848	US\$153,331
Barings Australia Growth Fund	US\$16,712	US\$27,039
Barings Europa Fund	US\$29,785	US\$22,893
Barings Hong Kong China Fund	US\$4,427,484	US\$3,506,705
Barings Global Bond Fund*	–	–

* Barings International Bond Fund changed its name to Barings Global Bond Fund effective 16 August 2019.

7. Related party transactions

Julian Swayne is employed by Barings Investment Services Limited. Alan Behen and Paul Smyth are employees of the Manager. David Conway and Barbara Healy are non-executive Directors, independent of the Investment Manager. James Cleary was a non-executive Director, independent of the Investment Manager, prior to his resignation on 31 December 2020. Peter Clark was an employee of Barings Investment Services Limited and Timothy Schulze was an employee of Barings LLC prior to their resignations on 21 October 2020 and 10 August 2020, respectively. The Manager will discharge the fees and expenses of the Investment Manager out of its own fee. The Investment Manager is part of the Barings LLC Group and is a wholly owned subsidiary of Massachusetts Mutual Life Insurance Company (“MassMutual”). Baring Asset Management (Asia) Limited, Barings LLC and Barings Japan Limited (together, the “Sub-Investment Managers”) are also part of the Barings LLC Group. The Investment Manager will discharge the fees and expenses of the Sub-Investment Managers out of its own fee. Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operation decisions.

Significant unitholdings

The following table details significant concentrations in unitholdings of each Fund, or instances where the units are beneficially held by other investment funds managed by the Investment Manager or one of its affiliates. As at 30 April 2021 and 30 April 2020, the following had significant unitholdings in the Unit Trust:

Fund name	Number of unitholders with beneficial interest greater than 20% of the units in issue	Total % of units held by unitholders with beneficial interest greater than 20% of the units in issue	Total % of units held by investment funds managed by Barings International Fund Managers (Ireland) Limited
Barings ASEAN Frontiers Fund	Nil (30 April 2020: Nil)	Nil (30 April 2020: Nil)	0.81% (30 April 2020: Nil)
Barings Asia Growth Fund	Nil (30 April 2020: Nil)	Nil (30 April 2020: Nil)	6.29% (30 April 2020: Nil)
Barings Australia Fund	1 (30 April 2020: 1)	22.29% (30 April 2020: 21.78%)	Nil (30 April 2020: Nil)
Barings Europa Fund	Nil (30 April 2020: Nil)	Nil (30 April 2020: Nil)	Nil (30 April 2020: Nil)
Barings Hong Kong China Fund	1 (30 April 2020: Nil)	20.28% (30 April 2020: Nil)	0.12% (30 April 2020: Nil)
Barings Global Bond Fund*	1 (30 April 2020: 1)	24.50% (30 April 2020: 24.76%)	Nil (30 April 2020: Nil)

* Barings International Bond Fund changed its name to Barings Global Bond Fund effective 16 August 2019.

Notes to the financial statements (continued)

For the financial year ended 30 April 2021

8. Financial risk management

In accordance with FRS 102: Disclosure, this note details the way in which the Funds manage risks associated with the use of financial instruments.

The Funds of the Unit Trust are exposed to a variety of financial risks in pursuing their stated investment objectives and policies. These risks include, but are not limited to, credit risk, liquidity risk and market risk (which in turn includes foreign currency risk, interest rate risk and market price risk). The Funds assume exposure to certain of these risks to generate investment returns on their portfolios, although these risks can also potentially result in a reduction in the Funds' net assets.

The Investment Manager will use its best endeavours to minimise the potentially adverse effects of these risks on the Funds' performance where it can do so, while still managing the investments of the Funds in a way that is consistent with the Funds' investment objectives.

The investment objective of the Funds is disclosed in the Prospectus and in the Investment Objective and Policy on page 4. The risks, and the measures adopted by the Funds for managing these risks, are detailed below.

The nature and extent of the financial instruments outstanding at the Statement of Financial Position date and the risk management policies employed by the Fund are discussed below. These policies have remained substantially unchanged since the beginning of the financial year to which these financial statements relate.

Market risk

Market risk embodies the potential for both losses and gains and included foreign currency risk, interest rate risk and price risk, which are discussed in detail under separate headings within this note.

The Funds' exposure to market risk is that the value of assets would generally fluctuate with, among other things, general economic conditions, the condition of certain financial markets, international political events and developments or trends in any particular industry that the Funds' invested in.

The Funds' market risk is managed on a daily basis by the Investment Manager in accordance with policy and procedures in place. The Funds' overall market positions are reported to the Board of Directors on a monthly basis.

As the majority of the financial instruments are carried at fair value through the profit or loss, all changes in market conditions directly impact the net assets of the Funds.

Foreign currency risk

Foreign currency risk is defined in FRS 102 as "the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates."

The Funds are exposed to foreign currency risk as assets and liabilities of the Funds may be denominated in a currency other than the functional currency of the Funds, which is the US dollar. The fluctuations in the rate of exchange between the currency in which the asset or liability is denominated and the functional currency could result in an appreciation or depreciation in the fair value of those assets and liabilities. The Investment Manager is permitted but not obliged to use hedging techniques to attempt to offset market and foreign currency risk.

In accordance with the Unit Trust's policy, the Investment Manager monitors the Funds' currency exposures on a daily basis and reports regularly to the Directors of the Manager, who review the information provided by the Investment Manager on any significant exposures at their periodic meetings.

The Investment Manager may have used FFCTs on Funds as a tool and technique to hedge these currency exposures. Barings Global Bond Fund's sensitivity to changes in foreign currency rates is included in the VaR risk analysis above.

The Funds' portfolio statements detail the currency, and therefore the foreign currency risk, of the underlying investments.

Barings International Umbrella Fund

Notes to the financial statements (continued)

For the financial year ended 30 April 2021

8. Financial risk management (continued)

Foreign currency risk (continued)

Foreign exchange transactions and other currency contracts may also be used to provide protection against exchange risks or to actively overlay currency views onto the Funds' currency exposure resulting from investing in foreign markets. Such contracts may, at the discretion of the Investment Manager, be used to hedge some or all of the exchange risk/currency risk arising as a result of the fluctuation between the denominated currency of the Funds and the currencies in which the Funds' investments are denominated, or to pursue an active currency overlay strategy.

A Fund may (but is not obliged to) enter into certain currency-related transactions in order to hedge the currency exposure of the assets of a Fund attributable to a particular class into the currency of denomination of the relevant class. Any financial instruments used to implement such strategies with respect to one or more classes shall be assets/liabilities of a Fund as a whole but will be attributable to the relevant class/es, and the gains/losses on, and the costs of, the relevant financial instruments will accrue solely to the relevant class.

Any currency exposure of a class may not be combined with or offset against that of any other class of a Fund. The currency exposure of the assets attributable to a class may not be allocated to other classes. A class will not be leveraged as a result of currency hedging transactions so that the use of such hedging instruments shall in no case exceed 100% of the Net Asset Value attributable to the relevant class of a Fund.

The tables below represent each Fund's exposure to foreign currency as at 30 April 2021 and 30 April 2020. All amounts are stated in the functional currency of the relevant Fund.

Sensitivity analysis

The below currency sensitivity analysis information is a relative estimate of risk and is not intended to be a precise and accurate number. The calculations are based on historical data. Future rate movements and correlations between currencies could vary significantly from those experienced in the past.

At 30 April 2021, had the exchange rate between the US Dollar and other currencies increased or decreased by 5% (30 April 2020: 5%) with all other variables held constant, the increase or decrease in the value of the Net Assets attributable to holders of redeemable participating units would be as follows:

Interest rate risk

Interest rate risk defined in FRS 102 as “the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates”.

The Barings Global Bond Fund holds fixed-interest rate debt securities which are exposed to fair value interest rate risk where the value of these securities may fluctuate as a result of a change in market interest rates.

All other financial assets and financial liabilities, with the exception of cash at bank balances and overdrawn cash, held by the Funds are not directly exposed to interest rate risk. The Funds are exposed to interest rate risk on the interest earned on their cash and bank balances, and paid on overdrawn cash. This exposure is not considered to be significant.

Interest rate risks are managed by the Investment Manager, whose management of interest rate risk is monitored through regular performance reviews with senior managers as well as through monthly peer reviews of positioning held with senior managers. Individual managers are authorised to initiate fixed-income trades within pre-set limits.

Barings Global Bond Fund’s sensitivity to changes in interest rates is included in the VAR Analysis on page 65.

8. Financial risk management (continued)

Market price risk

Market price risk is defined in FRS 102 as “the risk that the fair value of a financial instrument or its future cash flows will fluctuate because of changes in market prices.”

The Funds’ assets consist principally of equity instruments except for Baring Global Bond Fund, which consists of bonds, futures and FFCTs. The values of these instruments are determined by market forces and accordingly there is a risk that market prices can change in a way that is adverse to the Funds’ performance. The Funds have adopted a number of investment restrictions set out in the Unit Trust’s Prospectus, which limit the exposure of the Funds to adverse changes in the price of any individual financial asset.

In accordance with the Funds’ policies, the Investment Manager monitors the Funds’ positions on a daily basis and reports regularly to the Directors of the Manager, which review the information on the Funds’ overall market exposures provided by the Investment Manager at its periodic meetings.

The Investment Manager uses three techniques to help in the risk management process: monitoring of compliance and quantitative limits, prevention of limit breaches and trade monitoring. These techniques allow the Investment Manager to ensure that the Funds remain in compliance with the restrictions in the Prospectus and the UCITS regulations under which the Funds are governed.

In addition, the Investment Manager manages the exposure of the portfolio to the risk of adverse changes in the general level of market prices, as determined by market forces, through adhering to its formal risk management process, which includes the use of systems and technology to monitor overall market and position risk on a daily basis.

Sensitivity analysis

The below price sensitivity analysis information is a relative estimate of risk and is not intended to be a precise and accurate number. The calculations are based on historical data. Future price movements could vary significantly from those experienced in the past.

A 5% increase or decrease in investment prices at 30 April 2021 and 30 April 2020 would have increased or decreased the value of investments at fair value through profit or loss as follows:

Fund	30 April 2021	30 April 2020
Barings ASEAN Frontiers Fund	US\$22,708,593	US\$14,249,121
Barings Asia Growth Fund	US\$12,019,051	US\$4,446,711
Barings Australia Growth Fund	US\$3,762,846	US\$2,463,634
Barings Europa Fund	US\$1,568,948	US\$1,319,521
Barings Hong Kong China Fund	US\$120,964,975	US\$74,367,179

Liquidity risk

Liquidity risk is defined in FRS 102 as “the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering of cash or another financial asset”.

The Funds are exposed to daily cash redemptions of units. However, the Manager is entitled, with the approval of the Depositary, to limit the number of units of any class realised on any dealing day to 10% of the total number of units of that class in issue. There are also a number of circumstances where the Manager may, with the approval of the Depositary, temporarily suspend the right of unitholders to require the realisation of units of any class and/or may delay the payment of any monies in respect of any such realisation.

The Funds invest the majority of their assets in securities and other instruments that are traded on an active market and which are considered to be liquid as they can be readily disposed of in the event that cash needs to be raised to meet redemptions or to pay expenses.

Notes to the financial statements (continued)

For the financial year ended 30 April 2021

8. Financial risk management (continued)

Liquidity risk (continued)

In accordance with the Funds' policy, the Investment Manager monitors the Funds' liquidity on a daily basis and reports regularly to the Directors of the Manager, who review the information provided by the Investment Manager on significant exposures at their periodic meetings.

There is a bank overdraft facility in place with The Northern Trust Company ("TNTC"). An "uncommitted" multi-currency loan facility has been made available by TNTC to the Funds. During the financial year ended 30 April 2021, Barings Australia Fund had drawn down on this facility (30 April 2020: Barings ASEAN Frontiers Fund, Barings Europa Fund and Barings Hong Kong China Fund).

The tables below analyse the Funds' financial derivative instruments that will be settled on a gross basis into relevant maturity groupings based on the remaining period at the Statement of Financial Position date to the contractual maturity date.

Credit risk

Credit risk is defined in FRS 102 as “the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.”

The Funds’ holdings/securities consist principally of equity instruments, and are not directly exposed to credit risk from these positions with the exception of Barings Global Bond Fund, which consists of bonds and is directly exposed to credit risk.

Credit risk statement

Northern Trust Fiduciary Services (Ireland) Limited (“NTFSIL”) is the appointed Depositary of the Unit Trust, responsible for the safe-keeping of assets. NTFSIL has appointed The Northern Trust Company (“TNTC”) as its global sub-custodian. Both NTFSIL and TNTC are wholly owned subsidiaries of Northern Trust Corporation (“NTC”). At the financial year-end date of 30 April 2021, NTC had a long-term credit rating from Standards and Poor’s (“S&P’s”) of A+.

Barings International Umbrella Fund

Notes to the financial statements (continued)

For the financial year ended 30 April 2021

8. Financial risk management (continued)

Credit risk (continued)

TNTC (as global sub-custodian of NTFSIL) does not appoint external sub-custodians within the U.S., the U.K., Ireland, Canada, Belgium, France, Germany, Netherlands and Saudi Arabia. However, in all other markets, TNTC appoints local external sub-custodians.

NTFSIL, in the discharge of its depositary duties, verifies the Unit Trust's ownership of Other Assets, (as defined under Art 22, 5 of UCITS V Directive 2014/91/EU) by assessing whether the Unit Trust holds the ownership, based on information or documents provided by the Fund or, where available, on external evidence.

TNTC, in the discharge of its delegated depositary duties, holds in custody (i) all financial instruments that may be registered in a financial instruments account opened on the books of TNTC and (ii) all financial instruments that can be physically delivered to TNTC. TNTC ensures all financial instruments (held in a financial instruments account on the books of TNTC) are held in segregated accounts in the name of the Fund in question, clearly identifiable as belonging to that Fund, and distinct and separate from the proprietary assets of TNTC, NTFSIL and NTC.

In addition, TNTC, as banker, holds cash of the Funds on deposit. Such cash is held on the Statement of Financial Position of TNTC. In the event of the insolvency of TNTC, in accordance with standard banking practice, the Unit Trust will rank as an unsecured creditor of TNTC in respect of any cash deposits.

The insolvency of NTFSIL and/or one of its agents or affiliates may cause the Funds' rights with respect to their assets to be delayed.

The Responsible Party manages risk by monitoring the credit quality and financial position of the Depositary, and such risk is further managed by the Depositary monitoring the credit quality and financial positions of sub-custodian appointments.

Northern Trust continually reviews its sub-custodian network to ensure clients have access to the most efficient, creditworthy and cost-effective provider in each market.

The Investment Manager reviews concentrations of credit risk on a fortnightly basis. All exposures to counterparty credit risk are monitored by Baring Asset Management Limited's Counterparty Credit Committee and are subject to Baring Asset Management Limited's Counterparty Credit Policy ("CCP"). Baring Asset Management Limited requires a minimum credit rating of Dunn and Bradstreet ("D&B") 3, but also actively avoids exposure to entities having an S&P rating of less than AA-, even where the D&B rating is 3 or better. Adherence to the CCP is very rigidly enforced. Any changes to ratings which cause divergence from CCP are acted on immediately without exception. Application for Initial Public Offerings ("IPOs"), for example, is subject to the credit rating of the entity to whose Statement of Financial Position the application will expose the investing fund. Where no satisfactory rating is applied, Baring Asset Management Limited insists that monies are paid into a ring-fenced 'Client Money' account, hence avoiding exposure not permitted by the CCP. The Funds minimize concentrations of credit risk by undertaking transactions with a large number of regulated counterparties on recognised and reputable exchanges.

Credit risk arising from receivables relating to unsettled trades is considered small due to the short settlement period involved. The maximum exposure related to unsettled trades equals the amounts shown on the Statement of Financial Position. There were no past due or impaired assets as of 30 April 2021 with the exception Tungda Innovative Lighting in the Barings Hong Kong China Fund, as disclosed in the portfolio statements (30 April 2020: Tungda Innovative Lighting in the Barings Hong Kong China Fund).

The Funds are exposed to counterparty risk on parties with whom it trades and will bear the risk of settlement default. The Funds minimise concentration of credit risk by undertaking transactions with a large number of customers and counterparties on recognised and reputable exchanges. The Funds may enter into transactions with over the counter ("OTC") counterparties, including counterparties to OTC derivative instruments, whereby margin or collateral is posted or received by the Fund with the counterparty, outside of the control of the Depositary or the Depositary's agents.

ESG risk

The Investment Manager integrates ESG ("Environmental, Social and Governance") information into the investment process across all asset classes. Through bottom-up, fundamental analysis, the Investment Manager seeks to gain a comprehensive understanding of the factors that influence the sustainability of investments. The Investment Manager considers ESG information alongside other crucial variables that may impact an investment's risks and returns over time. In particular, the Investment Manager considers ESG criteria in relation to specific industry and sector trends and characteristics to identify the risks of an investment. Once invested, the Investment Manager continues to monitor each investment to ensure their thesis, including that on ESG matters, remains intact and that an investment's risk and return profile remains attractive relative to other opportunities available in the market.

The following Funds have been brought into scope of Article 8 of the Sustainable Finance Disclosure Regulation ("SFDR") and can be categorised as "Light Green" ESG products:

- Barings ASEAN Frontier Fund;
- Barings Asia Growth Fund;
- Barings Australia Fund;
- Barings Europa Fund;
- Barings Hong Kong China Fund;

Please refer to the Prospectus for further details on ESG integration.

Barings International Umbrella Fund

Notes to the financial statements (continued)

9. Fair value hierarchy

FRS 102 requires the Funds to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, taking into consideration factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgement by the Manager. The Manager considers observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following tables analyse, within the fair value hierarchy, the fund's financial assets and financial liabilities measured at fair value.

* Barings International Bond Fund changed its name to Barings Global Bond Fund effective 16 August 2019.

The equities held at level 1 for the Barings Asia Growth Fund, Barings Australia Fund and Barings Hong Kong China Fund as at 30 April 2020 include some equities with fair value adjustments. The fair value adjustment is determined based off of the movement of index futures from market close to the valuation point of the Fund.

There has been no transfers during the financial year ending 30 April 2021 or financial year ended 30 April 2020 from level 1 to level 2 or from level 2 to level 1. The financial assets classified as level 3 at 30 April 2021 for the Barings Asia Growth Fund were US\$439,502 (30 April 2020: US\$ Nil). Financial assets of US\$439,502 transferred from level 1 to level 3 during financial year ended 30 April 2021.

Transfers between levels, when applicable, occur at the end of the financial year.

Cash includes deposits held with banks and other short-term investments in an active market and they are categorised as Level 1. All receivables and payables are categorised as Level 2.

Barings International Umbrella Fund

Notes to the financial statements (continued)

For the financial year ended 30 April 2021

10. Efficient portfolio management

The Funds may use Financial Derivative Instruments (“FDIs”) for efficient portfolio management. The efficient portfolio management purposes for which the Unit Trust intends to employ FDIs are reduction of risk, reduction of cost and the generation of additional capital or income for the relevant Fund with an appropriate level of risk, taking into account the risk profile of the Fund and the general provisions of the UCITS Regulations. The Unit Trust may use various types of derivatives for these purposes, including, without limitation, forwards, futures, options, swaps (including but not limited to total return swaps, credit default swaps, and IRSs) and contracts for differences for these purposes.

Risk Monitoring of Global Exposure

The method used to determine the global exposure for Barings Global Bond Fund is Value at Risk (“VaR”). VaR is calculated daily using Risk Metrics (one of the leading suppliers of risk management software).

Barings ASEAN Frontiers Fund, Barings Asia Growth Fund, Barings Australia Fund, Barings Europa Fund and Barings Hong Kong China Fund used the commitment approach to calculate their global exposure as described in detail in the risk management process of the Investment Manager.

The Commitment Approach has been calculated, in the case of FFCT’s, by converting the FFCT position into an equivalent position based on the market value of the underlying asset. As the Financial Derivative Instruments (“FDI”) are used for hedging purposes, the exposure of the FDI has been calculated and then netted against the instrument being hedged. The Global Exposure calculation is performed on a daily basis.

In no circumstances will the global exposure of a Fund exceed 100% of its Net Asset Value.

For relative VaR: the Fund’s VaR is shown as a percentage of the VaR of the performance comparator or reference portfolio to ensure that the relative figure is within an internal limit. This limit is set lower than a multiple of two (or 200%) of the performance comparison or reference portfolio VaR.

For absolute VaR: the Fund’s VaR is shown as a percentage of the Funds’ Net Asset Value and is monitored against an internal limit. This limit is set lower than 20%.

Fund Name	Fund Relative VaR over the past financial year			Performance comparator or reference portfolio		
	30 April 2021	30 April 2020	Lowest	Highest	Mean	
Barings Global Bond Fund*	98.81%	147.96%	94.26%	193.60%	125.52%	FTSE WGBI

Fund Name	Absolute VaR over the past financial year				
	30 April 2021	30 April 2020	Lowest	Highest	Mean
Barings Global Bond Fund*	2.70%	10.39%	2.69%	15.03%	9.03%
FTSE WGB	2.73%	7.02%	2.73%	7.94%	7.06%

* Barings International Bond Fund changed its name to Barings Global Bond Fund effective 16 August 2019.

Some limitations of VaR analysis are:

- the methodology is based on historical data and cannot take account of the fact that future market price movements, correlations between markets and levels of market liquidity in conditions of market stress may bear no relation to historical patterns; and
- the VaR is a point-in-time calculation, and does not necessarily reflect the risk position of the Funds at any time other than the date and time at which it is calculated.

Thai baht	31.1375	32.3550
Vietnamese new dong	23,055.0000	23,429.0000

13. Soft commission arrangements

The Investment Manager will pay for research from their own books, as commission paid on trades will be “execution only”, which is the agreed cost for that broker to settle the trade (30 April 2020: same).

14. Contingent liabilities

There are no contingent liabilities at financial year-end 30 April 2021 and financial year-end 30 April 2020.

15. Taxation

Under current Irish law and practice, the Unit Trust qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended (the “TCA”). On that basis, it is not chargeable to Irish tax on its income or gains.

However, Irish tax may arise if a “chargeable event” occurs. A chargeable event includes any distribution payments to unitholders or any encashment, redemption, cancellation, transfer or deemed disposal of shares for Irish tax purposes arising as a result of holding shares in the Unit Trust for a period of eight years or more, or the appropriation or cancellation of shares of a unitholder by the Unit Trust for the purposes of meeting the amount of tax payable on a gain arising on a transfer.

Barings International Umbrella Fund

Notes to the financial statements (continued)

For the financial year ended 30 April 2021

15. Taxation (continued)

No Irish tax will arise on the Unit Trust in respect of chargeable events due to:

(a) a unitholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes at the time of the chargeable event, provided that a relevant declaration is in place (in accordance with Schedule 2b of the TCA) and the Unit Trust is not in possession of any information which would reasonably suggest that the information contained therein is no longer materially correct; or

(b) a unitholder who is an exempt Irish investor (as defined in Section 739D TCA).

Dividends, interest and capital gains (if any) received on investments made by the Unit Trust may be subject to withholding taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the Unit Trust or its unitholders.

The Finance Act 2010 provides that the Revenue Commissioners may grant approval for Unit Trust Investment Undertakings marketed outside of Ireland to make payments to non-resident investors without deduction of Irish tax where no relevant declaration is in place, subject to meeting “equivalent measures”. A Unit Trust Investment Undertakings wishing to receive approval must apply in writing to the Revenue Commissioners, confirming compliance with the relevant conditions.

16. Bank facilities

There is a bank overdraft facility in place with the Northern Trust Company (“TNTC”). An “uncommitted” multi-currency loan facility has been made available by TNTC to the Funds. During the financial year ended 30 April 2021, Barings Australia Fund had drawn down on this facility (30 April 2020: Barings ASEAN Frontiers Fund, Barings Europa Fund and Barings Hong Kong China Fund).

17. Material changes to the Prospectus

The Prospectus of the Unit Trust was updated on 31 August 2020 and 5 March 2021.

The following material changes were made to the Prospectus on 31 August 2020:

- Removal of Timothy Schulze from the board of the Manager following his resignation.

Benchmarks

- New disclosures were introduced around benchmarks and their use within the context of each Fund.

Investments restrictions

- The investment policy of the Barings Global Bond Fund was updated to provide that the Fund may invest in contingent convertible bond(s), up to a limit of 10% of the Fund’s NAV.

Fund operating mechanisms

- The Redemption Deferral Policy was updated to provide for being able to limit redemptions on any dealing day to 10% of the NAV rather than 10% of the shares in issue, as per the current approach. A fourth supplemental Trust Deed has been put in place to facilitate this change in respect of the Unit Trust.

- The procedures regarding the Termination of a Fund were updated to provide for proceeds to be paid to charity at the expiration of 3 years from the date of a fund’s termination.

There are other immaterial changes to the Prospectus that are not listed above.

The following material changes were made to the Prospectus on 5 March 2021:

- Removal of Peter Clark and James Cleary from the board of the Manager following their resignations.
- Updated disclosures on the United Kingdom’s exit from the European Union.
- Updated distribution policy of the Barings Global Bond Fund to allow for distributions to also be paid out of capital.

Barings International Umbrella Fund

Notes to the financial statements (continued)

For the financial year ended 30 April 2021

17. Material changes to the Prospectus (continued)

EU Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) ("SFDR")

- Inclusion of additional disclosures to bring the Funds into compliance with Level 1 of the Sustainable Finance Disclosure Regulation ("SFDR").

- The following Fund has been categorised under Article 6 of the regulation (non-ESG financial products):

- Barings Global Bond Fund;

- The following Funds have been brought into scope of Article 8 of the regulation and can be categorised as "Light Green" ESG products:

- Barings Hong Kong China Fund;

- Barings ASEAN Frontier Fund;

- Barings Asia Growth Fund;

- Barings Australia Fund;

- Barings Europa Fund;

The Prospectus includes clarifications to the investment policy and strategy of the Funds.

There are other immaterial changes to the Prospectus that are not listed above.

18. Significant events

The Prospectus of the Unit Trust was updated on 31 August 2020 and 5 March 2021. The material changes to the Prospectus are outlined in note 17.

Mr. Timothy Schulze resigned as Director of the Manager with effect from 10 August 2020.

Mr. Peter Clark resigned as Director of the Manager with effect from 21 October 2020.

Mr. James Cleary resigned as a Director of the Manager with effect from 31 December 2020.

Barings Japan Limited was appointed as an additional Sub-Investment Manager of the Barings Global Bond Fund (the "Fund") with effect from 5 November 2020 and will be involved in the discretionary investment management of the Fund's assets together with Baring Asset Management Limited and Barings LLC, which will continue to be the Investment Manager and a Sub-Investment Manager of the Fund respectively.

The Barings ASEAN Frontiers Fund Class A CHF Hedged Acc unit class was launched on 8 April 2021.

The Barings ASEAN Frontiers Fund Class I CHF Hedged Acc unit class was launched on 8 April 2021.

COVID-19

The spread of COVID-19 around the world in 2020 has caused significant volatility in international markets. There is still significant uncertainty around the breadth and duration of business disruptions related to COVID-19, as well as its impact on international economies and, as such, the Unit Trust is actively monitoring the extent of the impact to its operations, financial accounting and reporting.

Barings International Umbrella Fund

Notes to the financial statements (continued)

For the financial year ended 30 April 2021

18. Significant events (continued)

Brexit

The United Kingdom (the "UK") held a referendum on 23 June 2016 on whether to leave or remain in the European Union (the "EU"). The outcome of the referendum was in favour of leaving the EU. The UK officially withdrew from the EU on 31 January 2020, but continued to follow all of the EU rules and its trading relationship during a transitional period that ended on 31 December 2020. On 01 January 2021, the Trade and Cooperation Agreement between the UK and the EU came into force, and the UK left the EU single market and the EU customs union.

There remain a number of uncertainties in connection with the future of the UK and its relationship with the EU, including any agreements it reaches in relation to its future relationship with the EU and Barings continues to plan for a number of possible scenarios. Barings is committed to ensuring continuity of service for its investors and protecting its business against potential regulatory or other market access barriers related to Brexit.

In this regard, Baring International Fund Managers (Ireland) Limited ("BIFMI"), will continue as the Manager of the Unit Trust and the Funds will continue to be registered for distribution into relevant jurisdictions in the EU and elsewhere. Portfolio management in respect of European investments will continue to be delegated to Baring Asset Management Limited, a UK entity and portfolio management of US investments will continue to be conducted by Barings LLC, a US entity. The custodians and administrators of the Funds are also EU entities. In addition, BIFMI has enhanced its presence in Dublin and recruited locally at all levels to staff its new office, reflecting the increased significance of BIFMI's role within the Barings business. Whilst the medium to long-term consequences of the decision to leave the EU remain uncertain in any scenario, there could be short-term volatility which could have a negative impact on general economic conditions, business and consumer confidence in both the UK and EU, which may in turn have negative political, economic and market impacts more widely. The longer-term consequences may be affected by the terms of any future arrangements the UK has with the EU. Among other things, the UK's decision to leave the EU could lead to changes in the law and tax treatment of funds, instability in the equity, debt and foreign exchange markets, including volatility in the value of sterling or the euro.

There have been no other significant events to the financial year-end which, in the opinion of the Directors of the Manager, that may have had an impact on the financial statements for the financial year ended 30 April 2021.

19. Subsequent events

There have been no events subsequent to the financial year-end which, in the opinion of the Directors of the Manager, may have had a material impact on these financial statements for the financial year ended 30 April 2021.

20. Approval of financial statements

The financial statements were approved by the Board of Directors of the Manager on 20 August 2021.

Barings International Umbrella Fund

General information (Unaudited)

For the financial year ended 30 April 2021

Market timing

Repeatedly purchasing and selling units in the Funds in response to short-term market fluctuations – known as ‘market timing’ – can disrupt Baring Asset Management Limited’s (the “Investment Manager”) investment strategy and increase the Funds’ expenses to the prejudice of all unitholders. The Funds are not intended for market timing or excessive trading. To deter these activities, the Directors of Baring International Fund Managers (Ireland) limited (the “Manager”) may refuse to accept an application for units from persons that they reasonably believe are engaged in market timing or are otherwise excessive or potentially disruptive to the Funds.

The Directors of the Manager reserve the right to redeem units from a unitholder on the basis of the circumstances of the unitholder concerned, or if it has reasonable grounds to believe that the unitholder is engaging in any activity which might result in the Funds or their unitholders as a whole suffering any legal, regulatory, reputational or other material disadvantage which the Funds or their unitholders as a whole might not otherwise have suffered.

UK reporting fund status

UK taxable investors in UK reporting funds are subject to tax on their units of the UK reporting funds’ income attributable to their holdings in the Fund, whether or not distributed, while typically any gains on disposal of their holdings are subject to capital gains tax.

Details of the unit classes which currently have UK reporting fund status are available at the Her Majesty’s Revenue and Customs (“HMRC”) Collective Investment Schemes Centre website:

<http://www.hmrc.gov.uk/cisc/offshore-funds.htm>.

As stated above UK tax payers should note that, for each unit class with reporting fund status, their share of any amounts of income, if any, that has not been distributed will be subject to tax.

Further details will be made available on the Barings website: www.barings.com.

Barings International Umbrella Fund

Appendix 1 – Information for investors in Switzerland (Unaudited)

For the financial year ended 30 April 2021

Baring International Fund Managers (Ireland) Limited (the “Manager”) has appointed BNP Paribas Securities Services, Paris, Succursale de Zurich, Selnaustrasse 16, CH-8002, Zurich, Switzerland, as representative and paying agent for Switzerland. Units are distributed in Switzerland by BNP Paribas Securities Services, Paris at the above address. Investors can obtain, free of charge, the Prospectus, the Key Investor Information Document(s) (“KIID(s)”), the last annual and interim reports, the Trusts Act 1990, as well as a list of the purchases and sales made on behalf of the Funds, in French, from the representative at the above address. Official publications for the Funds are found on the internet at www.fundinfo.com. Unit prices (Net Asset Value with the words “plus commissions”) are published daily on the internet at www.fundinfo.com.

All the information appearing in these reports and accounts is solely with respect to those Funds of Barings International Umbrella Fund (the “Unit Trust”) which are licensed for public offer and marketing in or from Switzerland, namely: Barings ASEAN Frontiers Fund, Barings Asia Growth Fund, Barings Australia Fund, Barings Europa Fund, Barings Hong Kong China Fund and Barings Global Bond Fund.

Performance

Following a guideline from the Swiss Funds and Asset Management Association (the “SFAMA”) dated 16 May 2008, the Directors of the Manager are supplying performance data in conformity with the said guideline. This data can be found below on pages 94 to 99. Furthermore, the Directors of the Manager are required to provide the below additional information on performance.

The following comparative indices are used as, in the Directors’ opinion, and in the light of the investment policy of the relevant Fund, they are the most appropriate selection for comparison.

Barings ASEAN Frontiers Fund

The MSCI (Morgan Stanley Capital International) South East Asia Index.

Barings Asia Growth Fund

The MSCI (Morgan Stanley Capital International) AC Asia ex Japan Index.

Barings Australia Fund

The MSCI (Morgan Stanley Capital International) Australia 10/40 Index.

Barings Europa Fund

The MSCI (Morgan Stanley Capital International) Europe Index.

Barings Hong Kong China Fund

The MSCI (Morgan Stanley Capital International) China Index.

Barings Global Bond Fund

The FTSE World Government Bond Index (“WGBI”) is a market capitalisation–weighted Index.

Barings International Umbrella Fund

Barings Global Bond Fund*** - Class A EUR Inc	1.20	1.20
Barings Global Bond Fund*** - Class I USD Acc	0.75	0.75

* The Barings ASEAN Frontiers Fund Class A CHF Hedged Acc was launched on 8 April 2021.

** The Barings ASEAN Frontiers Fund Class I CHF Hedged Acc was launched on 8 April 2021.

*** Barings International Bond Fund changed its name to Barings Global Bond Fund effective 16 August 2019.

This information was established by the Manager, Baring International Fund Managers (Ireland) Limited, based on the data contained in the Statement of Comprehensive Income for the above reference year (Fund management fees, administration fees, depositary fees, taxes and duties, and all other commissions and expenses appearing as per the breakdown of the Statement of comprehensive income and not already included in any of the foregoing categories). The TER is calculated using the average daily Net Asset Value for the year.

Barings International Umbrella Fund

Appendix 1 – Information for investors in Switzerland (Unaudited) (continued)

For the financial year ended 30 April 2021

Trailer fees and reimbursements

Trailer fees (Bestandespflegekommissionen) may only be paid to the sales agents/partners indicated below:

- authorised sales agents (distributors) within the meaning of Article 19, Para 1, Collective Investment Funds Act (“CISA”);
- sales agents (distributors) exempted from the authorisation requirement within the meaning of Article 13, Para 4, CISA and Article 8 Collective Investment Schemes Ordinance (“CISO”);
- sales partners who place Fund units exclusively with institutional investors with professional treasury facilities; and/or
- sales partners who place Fund units with their clients exclusively on the basis of a written commission-based asset management mandate.

Reimbursements (Rückvergütungen) may only be paid to the institutional investors detailed below who from a commercial perspective are holding the Fund units for third parties:

- life insurance companies (in respect of Fund units held for the account of insured persons or to cover obligations towards insured persons);
- pension funds and other retirement provision institutions (in respect of Fund units held for the account of beneficiaries);
- investment foundations (in respect of Fund units held for the account of in-house funds);
- Swiss fund management companies (in respect of Fund units held for the account of the funds managed);
- foreign fund management companies and providers (in respect of Fund units held for the account of managed funds and investing unitholders); and/or
- investment companies (in respect of the investment of the company assets).

Special risks resulting from tax publication requirements in Germany

Foreign investment companies (such as Baring International Fund Managers (Ireland) Limited (the “Manager”)) must provide documentation to the German fiscal authorities upon request, e.g. in order to verify the accuracy of the published tax information. The basis upon which such figures are calculated is open to interpretation and it cannot be guaranteed that the German fiscal authorities will accept the Manager’s calculation methodology in every material respect. In addition, if it transpires that these publications are incorrect, any subsequent correction will, as a general rule, not have retrospective effect and will, as a general rule, only take effect during the current financial year. Consequently, the correction may positively or negatively affect the investors who receive a distribution or an attribution of deemed income distributions in the current year.

At a minimum, the largest 20 purchases and sales are disclosed, if applicable.

Barings International Umbrella Fund

Appendix 5 – Disclosure of Remuneration (Unaudited)

For the financial year ended 30 April 2021

Baring International Fund Managers (Ireland) Limited (the “Manager”) remuneration policy ensures that the remuneration arrangements of “Identified Staff” as defined in ESMA’s “Guidelines on sound remuneration policies under the UCITS directive” the European Securities and Market Authority’s (the “ESMA’s Guidelines”) (as amended) are:

- (i) consistent with and promote sound and effective risk management and do not encourage risk-taking which is inconsistent with the risk profile, rules or instruments of incorporation of the Manager or “the Unit Trust” and
- (ii) consistent with the Manager’s business strategy, objectives, values and interests and includes measures to avoid conflicts of interest.

The Manager complies with the UCITS remuneration principles in a way and to the extent that is appropriate to its size and business.

Remuneration committee

Due to the size and nature of the Manager, the Board of Directors considers it appropriate to dis-apply the requirement to appoint a remuneration committee.

The Manager forms part of the Barings Europe Limited (UK) group of companies (“Barings”). Barings has two remuneration committees to take remuneration decisions, namely the Remunerations Committee and the Senior Compensation Committee. The remuneration committees ensure the fair and proportionate application of the remuneration rules and ensure that potential conflicts arising from remuneration are managed and mitigated appropriately.

Remuneration Code Staff

The Manager has determined its Remuneration Code Staff as the following:

- a) Senior management
Senior Management comprises of Board of Directors.
- b) Control Functions
All CBI Pre Approved Control Functions (“PCFs”) are included within the definition of Remuneration Code Staff.
- c) Risk Takers
Risk Takers are defined as the investment managers of the UCITS. Investment management is delegated to firms’ subject to an equivalent remuneration regime and therefore the Manager currently has no risk takers outside of senior management.
- d) Employees in the same remuneration bracket as risk takers
The Manager will not treat a person as Remuneration Code Staff if a person’s professional activities do not have a material impact on the risk profiles of the firm or the Funds.
- e) Staff responsible for heading the investment management, administration, marketing and human resources
There are no staff in this category that are not captured in other categories.

Barings International Umbrella Fund

Appendix 5 – Disclosure of Remuneration (Unaudited) (continued)

For the financial year ended 30 April 2021

Remuneration Disclosure

The disclosure below details fixed and variable remuneration paid to the Managers Remuneration Code Staff (for the financial year end 30 April 2021).

	Number of beneficiaries	Total Remuneration	Total Fixed Remuneration	Total Variable remuneration
Total remuneration paid by BIFMI in relation to the Funds*	9	EUR131,708	EU79,861	EUR51,847
Total Senior Management Remuneration paid by BIFMI**	5	EUR788,950	EUR415,104	EUR373,846
Risk Takers remuneration	0	n/a	n/a	n/a
Employees in the same remuneration bracket a risk takers	0	n/a	n/a	n/a
Carried interest paid by the Funds	n/a	n/a	n/a	n/a

The Manager's Remuneration Policy is reviewed annually both in respect of the general principles it contains and its own implementation.

The above disclosures are made in line with Barings' interpretation of currently available regulatory guidance on quantitative remuneration disclosures. As market or regulatory practice develops, Barings may consider it appropriate to make changes to the way in which quantitative remuneration disclosures are calculated. Where such changes are made, this may result in disclosures in relation to a fund not being comparable to the disclosures made in the prior year, or in relation to other Barings fund disclosures in that same year.

Notes:

* The Manager does not make any direct payments to staff, who are paid by other Barings Group entities. Figures shown are apportioned on a fund AUM basis as a proportion of Barings total AUM as at 30 April 2021. Accordingly, the figures are not representative of any individual's actual remuneration.

**Senior management remuneration is apportioned on the basis of the Manager's total AUM as a proportion of Barings total AUM.

Variable remuneration consists of Short Term Incentive awards, Long Term Incentive awards and any other variable payments including benefits in kind and discretionary pension awards.

The funds do not charge a performance fee or award carried interest.
